

# Icebreaker- My Music Match!

[www.mygroupguide.com](http://www.mygroupguide.com)

## Instructions

- Cut out lyrics/phones
- Give one line to each group member
- Group members will have to find their “match” (their lyrics must belong to the same song!)
- Once the group members find their “match”, have them ask each other a question. It can be relevant to therapy (i.e. “What is your favorite coping tool?”) or it can be something random (i.e. “If you could live anywhere in the world, where would it be?”) They can then share their match’s answer with the rest of group.
- You can also see if each pair can name the title of their song (and the artist that sings it)!
